EDUCATION

Bachelor of Technology in Computer Science

Expected May 2026

NIST University — CGPA: 7.27 / 10.0

Relevant Coursework: Data Structures & Algorithms, Data analysis, Database Systems

TECHNICAL SKILLS

Languages: Java, HTML, CSS, Python, C, C++

Tools: Git, GitHub, MySQL, MS Excel

Other: Problem Solving, Basic SQL Queries, Data Handling using Python

PROJECTS

Portfolio Website

Next.js, Framer Motion

- Designed and developed a personal portfolio with smooth animations, dark mode toggle, and contact form integration.
- Optimized for SEO with Next.js Server-Side Rendering and achieved 100/100 accessibility score.

CAREER OBJECTIVE

Aspiring Data Analyst with strong foundation in Python and DBMS, currently pursuing B.Tech in Computer Science Engineering at NIST University. Interested in data handling, SQL, and analytical problem solving

AREAS OF INTEREST

Data Analysis,

SQL and Database Systems,

Problem Solving,

Logical Thinking and Analytical skills

STRENGTHS

Quick Learner, Strong Logical Thinking, Self-Motivated, Focused on Skill Development.
